

# ARMANI / WEDDINGS

## Exclusive wedding celebrations.

What could make the most important day of your life also the most stylish and elegant?

Would it be the small details, like beautiful, hand-selected table linens, thoughtful floral centerpieces, award-winning cuisine and gifts for your guests?

Or the bigger details like a one-of-a-kind ballroom or an outdoor terrace venue under an endless starlit sky?

Begin anew with the world at your feet.

Set within the world's tallest tower, next to the world's most breathtaking fountain, your new journey begins not only in the heart of Downtown Dubai, but in the centre of a new era. Here, Armani offers you a world of sophisticated beauty and signature style on your special day. Where better to take your first steps together than with the world at your feet and elegance at your fingertips, everywhere you look.

You've made the most  
important promise of your lives.  
Make the day promising too.

Choose the grandeur of the Armani/Ballroom or the fountain-facing,  
open-air, elegantly landscaped Armani/Pavilion.

Professional planners and cultural experts are on hand to ensure your  
day fulfills its promise, from the world-class dinner with flowing  
beverages, to the multi-tiered wedding cake and finishing with the  
perfect overnight accommodation just for two. Every detail is tailored  
to your specific wishes and preferences, creating a day of  
sophistication and the promise of memories.

Complementary indulgences

## Your beautiful day and beyond.

They say you find the most beautiful things all around if you just look. Like the sweeping panoramic views of The Dubai Fountain from all of our Executive Suites, or discovering the beauty of a one-of-a-kind living space personally designed by Giorgio Armani in The Dubai Suite.

For pre or post wedding gatherings, look no further than one of our five restaurants, Armani/Ristorante, Amal, Hashi, Deli and Mediterraneo too, all with beautiful terraces offering views as spectacular as the cuisine.

For a late night lounge setting of equal style, look again to find Armani/Privé, where sophistication and celebration blend beautifully in the city's preferred after-hours destination and night owls dance until the lark sings.
